

Powermax advantages

- **Productivity** – Fast cut speeds and superior cut quality help you to do more work in less time.
- **Easy to use** – Powermax systems are highly portable, have simple controls and require no flammable gases.
- **Versatility** – Cut or gouge stainless, mild steel or aluminum, in the shop or in the field.
- **Low operating cost** – High productivity and long consumable life minimize operating costs.
- **Reliability** – Smart design and intense testing deliver industry-leading reliability.
