

Norco is a local, family-owned company established in 1948.

From its humble beginnings in Boise on Americana Blvd. and in Twin Falls, Idaho, Norco has grown to over 50 locations in 7 states throughout the Northwest.

Every year, Norco contributes to local hospitals, charities, and educational institutions to give back to the community that brought us success.

**“Serving You Better”** has been the mission of our organization from the very beginning. The “you” in this statement refers to our valued customers and the communities where we work.

Let our experienced staff of Respiratory Therapists **“Serve You Better”**.

The Norco Medical Sleep Therapy Team can offer you:

- A team of highly trained, experienced Respiratory Therapists - available 24 hours a day.
- Convenient setup times in your home or at one of our five Treasure Valley locations.
- Thorough CPAP therapy education at the time of setup.
- On-going sleep therapy clinics held upon request.
- A large selection of CPAP machines, masks and accessories.
- A trial period for all CPAP mask systems to ensure long-term compliance.
- Comprehensive on-going CPAP follow up to improve your CPAP experience.
- Billing primary and secondary insurances with no up front or out-of-pocket expense to you.

## How do I choose the right CPAP device and Interface?

Recent advancements in CPAP technology make the use of CPAP much more comfortable and convenient than ever before. Be sure to express your needs and discuss your lifestyle with your homecare provider before you make this important decision. Consider the following when choosing a CPAP unit and mask system.

- **Size/Weight** - Choose a device that doesn't take up much space on your night stand and is easy to pack for travel.
- **Noise Level** - Make sure the device won't disturb your partner.
- **Operation/Maintenance** - The device should be simple to operate and maintain.
- **Nasal/Full Face Mask** - Above all, the mask interface should be comfortable to wear.
- Choose the mask system that will give you the greatest opportunity for success
- The first mask may not always be the right mask for you.

At Norco we will let you try a wide variety of mask types until **you** are comfortable.
